BERLIN WELCOMES PRUSSIAN GUARDS

Was Solemn and Not Triumphant Return From Battle.

National and Not Revolutionary Airs Were Played by Bands

(By Associated Press)

Copenhagen, December 12.—Berlin's welcome to the Prussian guard on Tuesday was solemn rather than triumphant, according to Berlin advices received here.

It was generally observed that the troops marched under the German national colors and the band played "Deutchland Eber Allies" and not revolutionary airs.

Frederich Ebert, the premier, welcomed the soldiers. He declared, it is said, that a new government had been established in Germany and that the army would be its strongest support.

On behalf of the troops a sergeant replied to the effect that the watchword now must be "quiet." He said the soldiers desired the convening of the national assembly at the earliest possible moment and did not want to be led away from "the secure path of quiet and order by Dr. Karl Liebknecht or other dreamers."

BEGIN RECONSTRUCTION OF HOMES

RE-BUILDING THEIR HOMES

Nomore will the quaintly built houses of French villages greet the eyes of world tourists. The terrific destruction wrought by the Huns in northern France left the region desolate. With the withdrawal of the Hun armies French peasants immediately began the work of reconstruction. Due to the lack of material, everything possible was used in building shelters, with the result shown in the photograph. In the course of a year or two the villages will, no doubt, be rebuilt upon modern lines, but the quaint architectural lines of centuries ago will be missing.

CHILE AND PERU URGED TO SETTLE DIFFERENCES

U. S. Ambassador Hands Note to Governments Urging Them to Reach Agreement.

Acting Secretary of State Polk Makes Public Attitude of This Nation.

(By Associated Press)

Washington, December 12.—Acting Secretary Polk made public at the State Department today the text of the note handed by the United States Ambassador recently to the governments of Peru and Chile, urging that the two South American nations owe it to the rest of the world to compose their differences and informing them that the United States "stands ready to tender alone or in conjunction with other countries of this hemisphere, all possible assistance" to bring about an equitable solution.

The note said the United States viewed the severance of consular relations between the two governments with the gravest apprehension particularly on the eve of the Paris peace conference "in which it is confidently expected that steps will be taken to provide for an era of lasting peace among all peoples."

In giving out the notes, Mr. Polk made no comment. Yesterday he discussed conflicting reports about the action of the United States in connection with the Chile-Peru controversy over the provinces of Pacna and Arica and said the American government had suggested that all South American countries, not Argentina alone, join in the effort to compose the difficulty.

PROSPERITY TO REIGN IS HIS VIEW

FRANK A. VANDERLIP

In a recent address at the twelfth annual meeting of the American Association of Woolen and Worsted Manufacturers, Frank A. Vanderlip, the noted financier, predicted that a wise administration of the Government at Washington will give the United States the prosperity so confidently hoped for in the business world. He sees good times ahead and predicts a high level of wages and prices.

JOHNSON DEMANDS POLICY BE STATED

California Senator Introduces Question Revolution.

Wants The War Department to Declare Whether We Are at War With Soviet.

Asks Great Britain's Attitude Also as Given to The United States.

(By Associated Press)

Washington, December 12.—Senator Johnson of California, republican, in an address to the Senate today demanded a statement of the American government's policy toward Russia. He declared a state of war with the Soviet government actually exists without a formal declaration of hostilities and acting along a series of questions introduced a resolution calling upon the State Department for all documents and information regarding the nation's course in Russia and upon the War Department for a statement of American troops in Russia and casualties among them.

Senator Johnson asked also whether it is true that a Russian speaking and experienced British high commissioner, sent to Russia after the Bolshevik revolution, reported as late as May 5, 1918, that the Soviet government had co-operated with the allies, and that he believed that intervention in co-operation with the Soviet government was feasible and whether the American government had so delayed co-operation with the Kerensky's government plan to support to the morale of the army and maintain that provisional government in power as to contribute largely to the overthrow of Kerensky and the success of the Bolshevik revolution.

The Senate foreign relations committee and the State Department, Senator Johnson said, cannot, or have not answered these questions.

URGES NAVY EQUAL TO ANY OTHER

(By Associated Press)

Washington, December 12.—Appropriations to provide a navy for the United States by 1925 as large as that of any other country was urged today by Admiral Badger, before the House naval committee.

Had the United States been fighting alone in the present war, he said, its status would have been serious and perhaps fatal because it had learned that the navy must be strong enough not only to protect from invasion, but also to drive the enemy's navy from the seas.

One hundred and fifty German and seven Austrian submarines were sunk in the war prior to August, Admiral Badger told the committee, quoting reports from Admiral Sims.

He said the Germans had built 331 submarines and that the Austrian under-water fleet comprised only 35 craft, ten of which were obsolete.

On August 1, last, Admiral Badger said, the Germans had 119 submarines operating in the Atlantic and 28 in the Mediterranean while at the same time Austria had 18 in the Mediterranean.

GEDDES DEMANDS DEATH PENALTY

SIR AUCKLAND GEDDES

Sir Arckland Geddes, President of the Local Gocernment Board and Minister of National Service, in a recent speech at London, said the line of policy advocated by the Coalition Government was a peace which, so far as the enemy powers were concerned, should be based on stern justice. He stated further, according to the dispatch from London, that the men who planned the war should be tried, and if found guilty should forfeit their lives "Such men as the Kaiser, Enver Pasha and the rulers of Bulgaria and Austria should be placed on trial on such a charge that if they were found guilty, their lives should be the forfeit," he said.

LEGALIZING NATION AIM OF TEUTONS

Anticipating Refusal of Allies to Deal With The Present Irresponsible Regime.

(By Associated Press)

Berlin, December 12.—The German cabinet, anticipating a refusal by the allies to deal with the present government and the soldiers and workmens council, according to the Tageblatt of Berlin, is considering convoking the Reichstag to give the government a parliamentary basis. The Reichstag session, the paper says, may be expected to begin next week.

Dr. W. S. Solf, the minister of foreign affairs, has handed in his resignation which has been accepted by the cabinet. The foreign secretary's retirement does not come as a surprise, as his relations with the independent socialist wing of the Eber-Haase combination reached the straining point sometime ago.

BRITAIN'S ATTITUDE AGREED ON

(By Associated Press)

London, December 12.—The British government has decided upon the attitude it will adopt at the peace conference regarding the freedom of the seas, according to the Daily Express today.

The newspaper refers to the American naval program as set forth by Secretary Daniels, and says:

"Official circles in London are completely satisfied with this. The British government is ready to concede to the United States the freest of all free hands in naval development and welcomes the idea of extension of American sea power as one of the best guarantees of the peace of the world and of real freedom of the seas.

"All we ask for the Empire is what we will willingly concede to the United States—freedom of action.

Speaking at Dewsbury, England, on Wednesday evening, Viscount Grey, former foreign secretary, declared that a league of nations is the solution of the question of "freedom of the seas" and that Great Britain and the United States can reach a complete agreement on that question by joining such a league.

The Viscount said the seas were free in time of peace and that Great Britain had placed no restrictions on them. During the war the American navy had aided the British navy in maintaining the blockade and Lord Gray thought the United States would use the same weapon if necessity for it arose in the future.

FOOR FOR HUNS WHEN THEY'RE QUIET

(By Associated Press)

Copenhagen, December 12.—According to reports from Berlin the entente governments intend to refuse to send foodstuffs to Germany until a demand they are said to have made for the dissolution of the soldiers and workers' councils is carried out. The allies, the reports add, will reserve the right to march into Germany.

EPIDEMIC FATAL TO A RETURNED ARMY OFFICER

(By Associated Press)

Chillicothe, O., December 12.—Captain W. C. Smith, of Chicago, and Lieutenant Wallace Leonard of Massachusetts, died at the base hospital at Camp Sherman last night, as result of the influenza.

Lieutenant Leonard was returned from France as an instructor after having fought with the Marines at Chateau-Thierry and Belleau Wood, being wounded at the latter place. He was twice cited for bravery, and wore the Croix de Guerre.

TABER ELECTED GRANGE MASTER

(By Associated Press)

Canton, Ohio, December 12.—Twelve years ago today in this city L. J. Taber of Barnesville, was elected Master of the Ohio Grange. Today he was re-elected for the third time. "I would rather be master of the State Grange any day than governor of Ohio," said Taber after his election.

ADVANCE GUARDS OF THE BRITISH ENTERING BONN

(By Associated Press)

London, December 12.—(British Wireless Service)—The British advance guards have entered the city of Bonn and have taken possession of the bridge over the Rhine there.

Bonn is situated on the left bank of the Rhine, 15 miles southeast of Cologne and between that city and Coblenz, where American troops are now stationed. It is the site of a celebrated university founded in 1818 and is one of the most picturesque cities along the Rhine.

EBERT IS FIRM WITH SUPPORT OF THE GUARDS

(By Associated Press)

London, December 12.—In consequence of the support he is receiving from the Prussian Guards, Premier Ebert is taking a stiffer attitude toward the Sparticus group, according to Copenhagen advices received here.

A dispatch to the Daily Mail from Copenhagen says the Ebert government, feeling that its position is becoming stronger, evidently has decided upon sharp measures against the Sparticus group. The officers of the Sparticus organization underwent an examination on Tuesday by the government forces, the Mail's advices said, and arrests are expected.

BILLIONS NEEDED FOR THIS YEAR BY GOVERNMENT

(By Associated Press)

Washington, December 12. — Five to five and a half billion dollars more of bonds will have to be issued to finance the government this year, Secretary McAdoo told the House Ways and Means Committee today in its sitting.

He based this on estimates of 18 billion dollars in expenditures and members of the committee said the estimate was not too low.

HUNTER KILLED BY ACCIDENT

(By Associated Press)

Chillicothe, O., December 12.—When Chas. Tell, farmer residing near Chillicothe, failed to return from a hunting trip, neighbors instituted a search and found his body in a feed lot where he had been killed by the accidental discharge of a shot gun which he was carrying.

4 TRANSPORTS LEAVING FRANCE

(By Associated Press)

Washington, December 12. — Sailing of four army transports bringing additional units from France was announced today by the War Department. The ships are the transports H. R. Malory, Rappahannock, Leviathan and Celtic, with about 9,000 men.

BERLIN I. W. W. BUSY IN CUBA

Washington, December 12. — Information reaching the State Department today indicated that the general strike called in Cuba is a result of I. W. W. and enemy propaganda. The report said order was being maintained in affected districts.

LEGALIZING NATION AIM OF TEUTONS

(By Associated Press)

Washington, December 12. — The Railroad Administration has no intention of reducing wages of railroad men generally after peace is declared, it was stated authoritatively today, and if the period of government control is extended for five years as suggested by Director General McAdoo, it is probable that the wages will stay at their present level.

MRS K C MAYNARD IS LAID TO REST

Marked by quiet beauty and simplicity were the farewell services, for Mrs. K. C. Maynard, held at the home of the daughter, Mrs. D. S. Craig Wednesday afternoon at two o'clock.

Friends had gathered in large number, the few friends of the olden days and the many friends of the younger generation, who had loved and revered Mrs Maynard.

The charm of her gracious presence seemed to linger in these rooms where she had so often given her gentle greeting and the memory of the picture made by the beloved mother as she slept in perfect peace upon her couch casket, with only the flowers of those nearest and dearest around her, will remain a precious legacy to her family and cherished in lesser measure by her friends.

Rev. Arthur P. Cherrington, of Grace M. E. Church, held the introductory service, reading scripture passages from Christ's sermon on the Mount, and the hymn "He Leadeth Me." Following the reading of the memoir, a most beautiful tribute from one of the sons, Mr. Herbert B. Maynard, of Waterloo, Iowa, the minister recited the tender poem "Only One Mother" and "He Tucked Her In," a moving incident recounted by Bishop, Wm. A. Quayle, and offered prayer.

Mrs. A. M. Brown conducted the closing service, that of the Christian Science Church, of which Mrs. Maynard was a member. Scripture passages were beautifully read; a part of the fourteenth chapter of John beginning "Let not your heart be Troubled," parts of the eighth chapter of Romans, the fifteenth chapter of First Corinthians and the fourth of Second Corinthians, the first to the sixth verses of Revelation. These passages were supplemented by correlative passages from the Christian Science Text book, by Mary Baker Eddy, "The Key to the Scripture;" the hymn "In Thee Oh Spirit, True and Tender," and the repeating of the Lord's Prayer.

Mrs. Brown also read the twenty-third psalm and gave the benediction from Jude at the burial in the family lot in the Washington cemetery.

The pall-bearers were Messrs. T. H. Craig, N. S. Barnett, George H. Hitchcock, Frank Johnson, Henry Brownell, W. P. Barnes.

Those who came from a distance were three sons, Herbert B. Maynard, of Waterloo; John P. and wife, of Columbus; Agustus F., of Wooster; Nina Dahl of Columbus; Mr. William Wood, of Cincinnati.

It was a great disappointment that three grandchildren were unable to be present, Lt. Maynard Craig detrained on military duty, Paul Craig ill at the O. W. U. and Miss Mary Dahl in school in the east.

MEMOIR

As the brush of the most ambitious artist fails to depict the full beauty of the lily or the glories of a departing day, so must mere words fail to properly compass the accomplishments of the fruitful life begun within a short distance of this spot and completed within the narrow confines of this community.

On March 6, 1836, was born a daughter to Harvey and Ann Millikan Blakemore early residents of this "Virginia Military District" of Ohio, both families linked by blood decent to the Cavitiers and Hugueonts, who gave to the peoples of Virginia and the Carolinas their distinguished characteristics of chivalry, piety and devotion to the right.

Keziah Clarissa was brought up under the rigors and the hardships inseparable from the life of those pioneer days and grew to beautiful young womanhood lacking the enjoyment of those conveniences and comforts now deemed essential.

Married at the age of twenty to Horatio Baldwell Maynard, who had left his New England home to contribute of his ability to the "Winning of the West" they began together that idyllic association, which for more than a half century commended itself to the admiration, respect and emulation of all who knew them.

As wife, mother, friend and neighbor she discharged to the fullest the obligation of such relations.

Faithful, devoted as a conjugal companion—loving and tender as a parent—loyal and staunch as a friend—gracious and considerate as a neighbor, words but lamely express the degree of fullness in which she fulfilled the responsibilities of her life as they presented themselves.

Mother Maynard was deeply concerned in the fruition of every good thing and though physical frailties forbade a very active paticipation in eleemosynary or social work, never the less here spoken word, valued counsel and sincere sympathy were pleasurably potent.

Her church work was life long and followed lines that were self-determined after diligent and intelligent consideration.

Her charities were broad and constant, her mind was liberal, her hand magnanimous, her sympathies unbounded. The merited and enjoyed close friendships because she knew how to be a friend.

To know her was a privilege—to associate with her was a blessing—to be intimate with her was a benediction.

She rests in that Eternal Peace to the attainment of which her entire life of service, sacrifice and love prepared her.

Two "Phrases"

The proposed league of nations to enforce or guarantee peace and the claim for freedom of the seas, seem to be the basis for very widespread discussion and, some considerable, disagreement between individuals. Both, so far as the general public's conception of them is concerned are phrases rather than subjects to form the basis for discussion.

The proposed league of peace has never yet been outlined by national leaders or by those men who speak even with the partial authority which their recognized ability gives to them.

The "freedom of the seas" may or may not develope into a subject for discussion at the peace council.

We imagine, however, that a great deal of time, which might be profitably employed in other pursuits is being wasted in discussions of just what freedom of the seas means. It does not seem possible that the statesmen who have been using that phrase so frequently, during the last four years, have as indefinite an idea concerning its scope and the application of its underlying principles, as some of the space writers who are so busily engaged discussing and finding fault with it.

We think the problem of defining and establishing the freedom of the seas proposal will be a very much less difficult problem than some theorists are now promising.

The rights of nations to sail the seas, as a general principle, has never been questioned. In times of war, under established international law, it should not be, and, we believe, will not be difficult to incorporate into the right which is acknowledgedly inherent to all peoples in all lands, the few exceptions which are to obtain.

To define the freedom of the seas does not mean that the broad right must be created and defined but only the few limitations in extraordinary cases to subtract from that general right.

The proposed league of peace is to be created from the beginning and if that proposal is passed it may be necessitate wider range of discussion.

Pershing For President

The world is wholly unadvised as to whether or not General Pershing has an ambition to be president of the United States. If he has it is a laudable ambition and one which any American citizen is privileged to have.

General Pershing, however, has not made any statement indicative of his desires. Indeed his fellow countrymen are somewhat in doubt as to whether the great American commander has any political party preference.

If General Pershing does want to be elected president of the United States, deservedly popular as he is, it is almost a foregone conclusion that he could be if he would declare himself willing to accept.

We incline to the belief though that this quiet unassuming competent soldier prefers the army to civilian life. We are fearful that as candidate of a political party, or as president even, the bright halo which fame has placed about him might be tarnished by the selfish grasp of politicians who are even now seeking to capitalize his honor to further their own selfish aims.

It would not add to the glory which General Pershing has won to become the central figure in politics and, very probably, many sincere admirers would be alienated by designing politicians who would take him in charge.

The Btitish Navy

Great Britain wants to retain her glorious navy no matter what proposals may be made, at the peace conference, regarding the formation of a league to enforce peace, or the disarmament of nations.

It is not strange that Great Britain regards her navy with an affection which will not permit consent to its abandonment and we don't see, now, any real reason why it wouldn't be a pretty good thing for the British to keep their navy.

It has come in "pretty handy" to civilization, on several occasions, during the last four hundred years and, as one writer expresses it "why not let it stick around awhile longer."

Great Britain has never done any harm to the world with her navy, and she has on more than one occasion been decidedly in the way of some divine right robber who was seeking to do harm.

The British navy has been a splendid insurance against national robbers for a long time now and certainly is not likely to go wrong at this late date. No wonder Britain loves her navy and regards it as vital to her national existence. It's worthy of the deep affection of the world for the service it has rendered mankind.

POEM FOR TODAY

THE FORGET-ME-NOT

Sweet Mary's tear drops fell upon
A Testament from France, from John
No devotee, no paragon,
But just an average man,
His name a month ago we read
Upon the list of honored dead,
Which sweethearts anxious scan.

Upon the fly-leaf, pencil traced,
By blood made dim, but not effaced,
This message he with pain had placed
"Dear Mary, I go West;
I would not have my promised wife
Forbear for aye the thrills of life;
Be happy; that is best.

"Some worthy, if not worthier man
Will woo you, win you if he can;
Let happiness no memories ban,
In palace, or in cot;"
Her fingers trembled 'neath the spell
And from the Testament there fell
One pressed forget-me-not.

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Eased—the Corn Is Doomed!

on earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "goner" sure as the sun rises.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H. and recommended as the world's best corn remedy by Brown's Drug Store and Blackmer & Tanquary.

KIDNEYS WEAKENING? LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The good housewife of Holland would almost as soon be without food as with out her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. The Brunswick!

Brings ALL Artists Because It Plays ALL Records

So ALL artists--ALL instrumental soloists and orchestras--ALL bands--ALL popular songs of the day--ALL dance records--all the world of music at your command--without restriction--when you play The Brunswick

At a turn of the hand you adapt the Ultona to any type of record. A child can do it. It is practically automatic.

Now your library of records can be bought according to your favorites. For instance, each record-maker has a famous tenor. On a one-record instrument you are confined to one. Others are barred. And who likes to be restricted? Who wants to be confined to buying from only one catalogue, when there are several from which to choose?

The Ultona is the greatest feature offered any music lover. And it is obtainable solely on the new Brunswick.

Another vast improvement in tone projection comes in the all-wood Tone Amplifier, built like a violin. All metal construction is avoided, thus breaking away from the usual custom.

Hear your favorite records on The Brunswick. Then make your decision.

If you are considering the purchase of a Phonograph for your Christmas, you can be assured of prompt delivery out of our great stock. We have foreseen that there would be an unprecedented demand for such instruments this year and prepared ourselves accordingly.

You owe it to yourself to hear this new reproduction of music. Whether you contemplate purchasing a machine, or if you already own one, we invite you to hear the BRUNSWICK.

Come for a demonstration—in the store or your home. We have in stock for instant delivery The Brunswick in Mahogany, English Brown Mahogany, Fumed Oak and Golden Oak, at $50, 100, 125, 150, 200, $225

SUDDEN DEATH SHOCKS FRIENDS

Shocking and saddening a large number of relatives and friends in this community came the word that Mrs. Charles Morris (nee Margaret Collopy) of Circleville had died suddenly at the Mt. Carmel Hospital, Columbus, which she had entered to take treatment for a serious heart trouble.

Mrs. Morris was the daughter of Mr. and Mrs. John Collopy, of the Circleville pike, and was here to attend their golden wedding on Thanksgiving day. She was forty-one years of age and leaves in her terribly bereft home a husband and five children. Mrs. Morris was a member of the New Holland graduating class of 1898.

Funeral services will be held Friday morning at the Catholic church in Circleville.

Mr. and Mrs. John Collopy went to the home upon receiving the news and Mr. and Mrs. Frank Collopy, Mr. and Mrs. Wardus Collopy, Thursday evening. Mrs. J. J. Flynn and Miss Mabel Collopy are on the way from Dayton and a brother Mr. Neil Collopy from St. Joe, Mo.

DEATH ANGEL AT W. A. THARP HOME

One of the saddest deaths in the long chain which has so darkly shadowed this community occurred Thursday morning at seven o'clock, when Marie Tharp, seventeen year old daughter of Mr. and Mrs. W. A. Tharp, passed quietly into the great beyond.

For eight months, with infinite sweetness and patience, this lovely young girl fought encroaching disease, in all that time only able to be out for a short time in the summer season. Full of life, unselfishly interested in others to an unusual degree, never giving up hope and always cheerful, the pathos of this death touches the community closely.

Few young girls have been greater favorites. In the local High School, from which she would have graduated next June, she was especially popular and generously contributed her decided musical talent to its activities. She was a member of the Girls' Glee Club and pianist for the Boys' Glee Club; was also a member of the Junior Cecilians and the Chi Delta Chi Club and organist at St. Andrew's Episcopal Church. In all of these associations she has been greatly missed sine ill health withdrew her from their sphere.

But saddened as are a host of friends it is in the home, where her buoyant, sunny nature never failed to gladden the hearts of parents, brothers and sisters that her loss is almost unbearable. She was so anxious to be well when her brother, Pvt. Burris Tharp, now with the 84th Division in France, came home, and was looking forward to spending one more Christmas with her family.

Two brothers, Ed. M., of Kansas City; Burris, overseas, and three sisters, Minetta (Mrs. Richard Ramsey) Lora Ellen and Charlene, survive with the parents, and were all with her at the end except the two brothers.

COAL ABUNDANT LARGE SURPLUS IN LOCAL YARDS

There is no prospect of a coal shortage in this city for at least several months—in fact local dealers believe there will be an abundant supply of coal for all during the present winter, as the surplus in the yards of the various dealers is now greater than any one month's supply received is the city last winter.

The weather has been mild where a year ago it was bitter cold, and the surplus of coal has been steadily growing for weeks.

Virtually all citizens have laid in their winter's supply—a thing which was not done last years and one of chief reasons for the great amount of dis comfort suffered when the coal shortage became acute in the cold weeks of last wister as result of the transportation system of the country being tied into into a Gordian knot.

All yards in the city have great stocks of coal asd could obtain much more if they desired it. In fact the producers want the retailers in this city to take much more than they want.

The price remains unchasged, asd probably will until the cost of producing and transportation charges is reduced.

FAYETTE TROOPS ARE COMING HOME

The last men inducted into the military service, and in fact all of the Fayette men who had not "gone across" are now rapidly being discharged and are returning home from the various camps.

Within the next ten days it is expected that the bulk of the Fayette boys in various training camps in America will be released and home in time for Christmas.

Uniforms in the city and county are becoming more asd more numerous, and the returnisg soldiers are not only glad to be home once more, but their friends are greatly pleased to have them back so soon.

The real demonstratios over the return of the troops will take place when the boys from overseas come home.
